The Town of Weston's Conservation Commission and Planning & Zoning Commission (in its capacity as the Local Flood Plain Management Administrator) will hold a Joint Public Hearing on the replacement of the Cartbridge Road Bridge on Monday, October 22, 2007 at 7 p.m. in the Meeting Room at Weston Town Hall. The applicant is the Town of Weston. The public is invited to attend. The two Commissions have determined that it is in the interest of public policy to make an exception to their normal application review procedures in order to conduct a concurrent public hearing process for this Town construction project that is in a public right of way. Copies of the Town's two applications will be available for public inspection at the offices of the Conservation Commission and the Planning & Zoning Commission located in the Building Department, Weston Town Hall.
